## SUMMARY:

Full-stack developer with experience in building efficient and scalable web applications. Proficient in Reactjs, Nextjs, Tailwind CSS, Django, and Expressjs, with a proven track record of delivering high-quality projects for education consultancy, ecommerce, and real estate platforms. Skilled in database management and deploying robust solutions. Looking to apply my expertise to innovative projects that make a real impact.

## SKILLS:

**Programming Languages:**

Python | Javascript

**Frameworks and Libraries:**

Tailwindcss | Reactjs | Nextjs | Express | Django | DRF | Websockets

**Databases:**

PostgreSQL | MySQL | MongoDB

**Dev Tools:**

Git | Github | Postman | Nodejs

## Project Highlights:

### Education consultancy Website                                    Live

- **Technologies:** React, Nextjs, Tailwindcss, Express, MongoDB
- Developed a platform for students to explore study abroad opportunities, integrating course listings and application tracking.

### Real Estate Website                                              Live

- **Technologies:** React, Nextjs, Tailwindcss, Django, PostgreSQL
- Built a property management system with a CMS for real estate agents.

### Ecommerce Gift Store                                        Source Code

- **Technologies:** React, Nextjs, Tailwindcss, Django, PostgreSQL
- Created a personal e-commerce platform featuring user login, product management, and secure payment processing.

## Work Experience:

### Full Stack Developer

Global Education Care, Sylhet, Bangladesh - August 2024 - Present

- Developed and maintained the company's website, implementing key features such as course listings, student dashboards, and application tracking.

## EDUCATION:

**Shahjalal University of Science and Technology**                Sylhet, Bangladesh

B.Sc in Genetic Engineering and Biotechnology                    February, 2024
